Schools out and the kids are hanging around the house. How many of you Moms have heard those famous words “Mom I’m bored!”? Kids think they can’t wait to get out of school for the summer, but they do get bored sitting home. One of the most fun things a kid can do for FREE is to go to Vacation Bible School. A lot of churches in your community are having Vacation Bible School and are advertising them with signs, on the radio, and in local newspapers. These ads are for you and your kids. The churches want you to bring your kids, and several of them will let your teens be helpers. Our kids just finished Vacation Bible School at Lighthouse Assembly of God in Mt. Vernon. They had a theme called Saddle Ridge Ranch. My nine year old son joined in one of the classes, while my fourteen year old daughter was one of the volunteer helpers. I’m not sure which one of them had the most fun. One thing for sure is they had a week of fun that left them memories that will last for many years, if not a lifetime. So find a church near you and let your kids have a time of their life.

Proverbs 13:1-16

A wise son heeds his father’s instruction, but a mocker does not listen to rebuke.
2 From the fruit of his lips a man enjoys good things, but the unfaithful have a craving for violence.
3 He who guards his lips guards his life, but he who speaks rashly will come to ruin.
4 The sluggard craves and gets nothing, but the desires of the diligent are fully satisfied.
5 The righteous hate what is false, but the wicked bring shame and disgrace.
6 Righteousness guards the man of integrity, but wickedness overthrows the sinner.
7 One man pretends to be rich, yet has nothing; another pretends to be poor, yet has great wealth.
8 A man’s riches may ransom his life, but a poor man hears no threat.
9 The light of the righteous shines brightly, but the lamp of the wicked is snuffed out.
10 Pride only breeds quarrels, but wisdom is found in those who take advice.
11 Dishonest money dwindles away, but he who gathers money little by little makes it grow.
12 Hope deferred makes the heart sick, but a longing fulfilled is a tree of life.
13 He who scorns instruction will pay for it, but he who respects a command is rewarded.
14 The teaching of the wise is a fountain of life, turning a man from the snares of death.
15 Good understanding wins favor, but the way of the unfaithful is hard.
16 Every prudent man acts out of knowledge, but a fool exposes his folly.

Facts On Feeding Fido

(NAPSA)-Don't bark up the wrong tree when it comes to pet nutrition. Always consult a veterinarian to determine the best feeding schedule and types of foods for your individual animal.

As for treats, while they should be given in moderation, you may need to offer them more frequently during training. Fortunately, there's one type of treat many dog owners are glad to give.

It's made with goat's milk, so it's easy for the dog to digest. Its rich proteins and vitamins are readily absorbed by a dog's system, where they quickly go about their healthy business. The Nature's Dog All Natural Treats in Peanut Butter or Chicken Flavor from Canus are low-calorie, energizing snacks good for training puppies or rewarding senior dogs.

Each treat provides a natural source of healthy fats, oils and proteins. The all-natural treats are wheat-free, soy-free, corn-free and contain no artificial coloring or flavoring and no animal by-products. Learn more at www.naturesdog.com and (866) 496-2527.

A dog's life can be happier and healthier when you provide healthful treats.
“ARE ALL PARENTS WORTH HONORING?”

Exodus 20:12

This is not the question. God well knew when He gave the fifth of the Ten Commandments, that some parents might not be worthy. There have always been disgraceful fathers and mothers and there always will be people that even angels could not live with except by great effort. Nevertheless, God said “Honor thy father and they mother.” (Exodus 20:12)

What does this mean?

1. At first we say it means to love our parents: But we can see that to honor means more than that and we use the commandments as a rod of discipline to bring our children in line by saying “obey your parents.” And that is the meaning, too, but that is not all. Love and obedience can be had without respect. So it takes all three to really honor: Love, Obedience and Respect.

2. So, to honor our parents means to respect them: Why? Because of their experience. They can tell us so many things that will help us in so many ways. One young man folded clothes for his mother sitting at the ironing board. She talked with him about the problems of life and he never forgot what she said. A girl weeded the garden with her father and she learned about life, as well as about plants, as he explained the wonders of human nature.

Respect the wisdom and insight of your parents. Respect their weakening bodies and changing minds. Don’t see them for what they are now but for how God sees them, their lives all spread out before Him, for what they have been and for what they will be.

3. What does it mean to honor our parents?: Hold their hands when they are lonely. Guide them through the strange evening of life. Visit them. Send them pictures of your children. Lift them up to Heaven with your prayers. Lean on them a little, not much, but enough to give them the will of being wanted and needed. Comfort your parents and make them proud of you. This is the high degree of honor they deserve. Comfort them by begin the kind of person you should be. Let them see the better part of themselves in you. Comfort them with your loyalty to the church and to Jesus Christ and His Word. Comfort them by setting an example for their grandchildren.

4. In Conclusion: You may say “Yes preacher, but my parents were not church people.” Then there is a great honor you can bestow on them. Lead them to Christ! Help them establish a personal relationship with Jesus Christ by receiving Him as their personal Savior and Lord! Honor them with the highest honor of all; that of seeing them become Christians! Then help them find the warm cheering fellowship of a good church!

God extends His grace to every person who will receive it through His Son Jesus Christ. He is looking for people who are seeking the meaning of life, and He is willing to extend His love to you for all eternity if you will look at Him by faith and allow Him to forgive you of your sin. He loves you and His desire is for you to know Him and experience the joy of His presence!

DO IT YOURSELF
Outdoor DIY Projects To Prolong The Life Of Your Home

(NAPS)-Here's the inside scoop on the exterior of your home: Although it can take a beating from weather and atmospheric conditions throughout the year, the sooner you address the issue, the less likely it is that the damage will lead to more and larger problems. To help, home-improvement expert Spike Carlsten offers a few do-it-yourself projects that could mean more money in your pocket down the road.

Extend the life of your deck for years.
- Check for loose boards and fasteners. For "popped" nails, pound them back in and then drive a 3-inch galvanized drywall screw in next to it to hold the board firmly in place.
- Gunk that's accumulated in the gaps between deck boards can hold moisture that leads to premature rot. To remove it, take an old handsaw and lightly "saw" through each gap. The blade will push the debris out of the gap so your deck can breathe.

Take care of leaky or overflowing gutters.
- Leaky or overflowing gutters can create problems ranging from peeling paint to damp basements.
- Use an old plastic spatula as a minishovel to scoop leaves and debris out of the gutter. If it's too wide, trim one edge.
- Once clean, place a garden hose in the "high end" of the gutter, turn on the water and check for leaks. If there's a leak at a seam, clean the joint and apply permanently waterproof silicone caulk. If there's an actual hole in the gutter, replace it rather than patch it.

Weatherize with silicone caulk and save.
- Air can enter or exit a house through cracks and openings in many places, and leaks can lead to higher energy bills, water damage and mold growth. The upside is that a homeowner can save 10 percent or more on energy bills by air sealing, according to the U.S. Department of Energy.
- Not all caulk provides energy savings over time, though. For long-lasting energy savings, choose 100 percent silicone, not acrylic caulk, which can shrink and crack over time, leaving gaps for air and water to seep through. You can use GE Silicone I® Window & Door or Paintable Silicone to seal around windows and doors, as well as in the attic and basement. For more helpful advice, visit www.gesealants.com.

“The fruit of righteousness will be peace; the effect of righteousness will be quietness and confidence forever.” - Isaiah 32:17

“The Lord will fight for you; you only need to be still.” - Exodus 14:4

Making The Most Of A Trip To The Beach

For surefire fun on a visit to the beach, an increasing number of families are getting their feet wet in South Carolina. What’s more, new attractions and old favorites are just waiting to break up and perk up the trip. For instance, there’s Carowinds (www.carowinds.com) at the North Carolina state line on Interstate 77. There, a new NASCAR-themed roller coaster pays tribute to the Intimidator, legendary driver Dale Earnhardt, while providing some fast thrills for even the most experienced coaster fanatic.

On a more sedate note, nearby is Historic Brattonsville, one of the largest restoration and living history sites in the Southeast. The 775-acre Revolutionary War battlefield site features 29 historic structures and programs chronicling Carolina Piedmont development from the 1750s through the 1840s (www.chmuseums.org). Natural history, meanwhile, unfolds off Interstate 95 at Woods Bay State Natural Area. The park preserves one of the largest remaining pristine Carolina bays, with carnivorous plants, alligators, plentiful songbirds and a cypress-tupelo swamp (www.SouthCarolinaParks.com).

In bustling, pedestrian-friendly Greenville, there’s Heritage Green, a campus of museums and theatres, including a brand-new children’s museum. Columbia, the state capital at the intersection of interstates 77, 20 and 26, features Riverbanks Zoo and Garden (www.riverbanks.org), the South Carolina State Museum (www.scstatehistory.org), the (www.EdVenture.org). Also on your way to the beach are produce stands on nearly any major side road. Pick-your-own and working farms open to visitors also abound. You can check out the “Farms” link at www.sc-heritagecorridor.org for locations.

This cute koala is just one of the attractions to see at a South Carolina Zoo. A Revolutionary War battle site can be as entertaining as it is educational.
